

Simple improvements:

- Accelerated: Haste
- Blurry: +3 to AC and +1 to saving throws.
- Berserk: constant berserk rage.
- Furious: +3 attacks per round.
- Powerful: Strength and Constitution set to 19.
- Health well (to be renamed): +200% HP.
- Regenerating: regenerates 3 HP per round.
- Precise: +4 critical hit chance.
- Refracted: 4 permanent mirror images.
- Bloodbath: +200% to all damage dealt.
- Spitter: attack with ranged attacks instead of melee attacks. The Strength bonus is converted into a ranged hit/damage bonus.
- Psychic: attacks with ranged attacks instead of melee attacks. The attacks explode (target + 2.5 m radius, affects only enemies).

“When it hits” improvements:

- Blinding: when it hits, it forces a saving throw or causes Blindness. When it dies, a wave extending about six feet forces a saving throw with a -4 penalt or causes Blindness.
- Venimous: when it hits, it forces a saving throw with a -2 penalty or inflicts 2 poison damage per second for 20 seconds (same as the Phase Spider).
- Of plague: immunity to disease. When it strikes, it forces a saving throw with a -3 penalty or Disease: Slow, 1 damage per round, and all ability scores reduced by 3; effects stack after 5 rounds.
- Breaking: when it hits, AC and all saves and reduces by 1, and all resistances are reduced by 5% for 1 turn (cumulative).
- Cannibal: when it hits, +1D4 “soul burn” damage and regains that many HP.
- Of misfortune: when it hits, all saving throws suffer a cumulative -1 penalty for one turn. When it dies, a wave extending about six feet inflict a cumulative -6 penalty on all saving throws for two turns.
- Paralyzing: when it hits, it forces a saving throw with a -2 penalty or Hold Monster.
- Brutal: +30% damage dealt. When it hits, it forces a saving throw or Stun for 1 round.
- Of destiny: +4 to luck. When it hits, -1 to luck for 1 turn, cumulative.
- Vampiric: when it hits, drain of 2 levels.
- Hypnotic: when it hits, it forces a saving throw or Dire Charm.
- Killer: when it hits, it forces a saving throw with a -2 penalty or Death.
- Void: when it hits, it forces a saving throw with a -4 penalty or Desintegrate.

“When it is hit / when it dies” improvements:

- Noxious: when it is hit, there is a 20% chance it will release a small cloud of poisonous gas. When it dies, a 10-foot radius cloud automatically spreads out around it.
- Cursed: when it dies, he raises 10 ghostly replicas of himself.
- Explosive: when it is hit, there is a 25% chance of triggering a small explosion within a 1,5 feet radius, dealing 4D6 fire damage (saves for ½). When it dies, a 10-foot radius explosion occurs dealing 10D6 fire damage (saves for ½).
- Pyro-linked: when it is hit, 3D8 incinerator on the attacker (no limit on the number of incinerators in play).
- Immortal: when he dies, he respawns with all his health and loses two levels (he normally dies when he has 2 levels or fewer remaining).

Recurring effects:

- Radiant: each round: radiation damage equal to 2D6 fire damage (saves for ½)
- Howler: every 3 rounds, Howl: save with a -2 penalty or Deafness and save or Confusion
- Horrible: every 3 rounds: Horror. When hit: Spook on the attacker.
- Necromantic: every 2 rounds, creates a skeleton or a zombie with Haste; 4% chance to create a skeleton warrior or a ghoul instead
- Replicant: every 2 rounds, creates a clone of itself that lasts for 6 rounds
- Proliferator : every 4 rounds, creates a young one. This young one becomes “normal” after 5 rounds and has a 33% chance of being a “proliferator” itself (Note: this is exponential.)

Auras:

- Entropic: 10-foot radius aura: players only: Wild magic
- Exhausting: 10-foot radius aura: players only: +1 fatigue every second
- Intoxicating: 10-foot radius aura: players only: +1 to intoxication every second
- Of silence: 10-foot radius aura: players only: silence (no saving throw)
- Siphoner: 10-foot radius aura: players only: each round 2 forgotten arcane spells
- Of Darkmoon: 10-foot radius aura: players only: blindness and deafness (no saving throw)
- Leader: 10-foot radius aura: monsters only: THAC0, damage and saving throws +4, +1 attack per round
- Temporal: immune to Slow an Time Stop, improved haste, 10-foot radius aura: monsters: Haste, Players: Slow (no saving throw)
- Protector: 10-foot radius aura: monsters only: minimum HP = 2
- Source of life: regenerates 2 HP per second, 10-foot radius aura: monsters only: regenerates 1 HP per second

Combined improvements:

- Hardened: AC +5, damage resistance +50%, weapon immunity increased by “+2” (no weapon immunity = immunity to normal and +1 magical weapons)
- Pyrophore: when it hits +1d10 fire damage, fire resistance 125%, fire shield red, fire damage dealt +30%
- Cryophique: when it hits +1d10 cold damage, cold resistance 125%, fire shield blue, cold damage dealt +30%
- Old: +30 HP, THAC0 +4, saving throws +2, spellcaster level +4
- Antediluvian: +70 hit points, THAC0 +8, saving throws +5, +1 attack per round, spellcaster level +10
- Charged: 125% resistance to electricity, reflects electrical damage, when it is hit: casts 3D6 Lightning Bolt (saves for ½); 5% chance to cast 6D6 Chain Lightning (saves for ½) instead.
- Shadow: protection from Death, immunity to non-magical weapons, when it hits, drains 2 strength points
- Fly master (to be renamed): covered in a swarm of insects (AC +2), reflects all insect spells, when it hits or is hit: Summons insects ,when it dies: Insect Plague.
- Antimagic: immune to magic and magical weapons, 10-foot radius aura: players only: dead magic, when it hits, dispels magic 100% and applies a 25% cumulative spell failure penalty
- Negative: when it hits, drains 2 levels and +1D4 “soul burn” damage and regains that many HP; when it is hit, it drains 2 levels
- Super: +3 attacks per round; Improved Haste; +100% movement speed; +80% elemental/physical resistance; +3 to saving throws; physical Ability Scores set to23 (no additional magic resistance, so use the death/metamorphosis effect to get rid of it)
- Scion of Magicka: Improved Alacrity; maximum incantation time 4; infinite spells
